When Barlet threw that book he apparently shed up his brain.

Locally Barlet wasn't spanked. Had he been, Brannan would be making tracks for the coal regions.

Well, the Spanish Minister has flown the coop. The swift action of the House was too much for him.

It is now in order for the President to intervene and stop the talk in the Senate. Now is the time for action.

This country is in no humor for delay now. This is the time for fighting, and the jingo Senators must take a back seat.

Let it not be overlooked that the intervention of the United States in Cuba is for the independence of the island, and not for the benefit of juntas or personalities.

It is not Gomez who talks of fighting the Americans. The old soldier will be satisfied with the independence of Cuba, and he demands no office nor issue of bonds for his own benefit.

Ministers are improving the opportunity to attract large audiences by preaching war sermons. The men like the change; and, as for the women, the bonnets look just as pretty, no matter what the text may be.

The Borough Council last evening wrestled with the financial question, but not from a free-silver standpoint. If the borough had all the money it had, it would present a financial condition better than that of any other town in the county.

It is said Bryan will deliver a lecture in Pottsville on Wednesday evening next, upon his one theme: free silver. Well, William J. is a drawing card, and people of all political faiths will flock to the opera house to hear his silver-tongued oratory.

The view of the fact that Jews have no civil rights in Spain, are not permitted to erect and maintain houses of worship there, and exist in the kingdom only as aliens, it must be galling to the Spaniards to know that the Judge Advocate of the Maine Court of Inquiry, Lieutenant-Commander Marx, is a Jew.

CONGRESSMAN BRANNAN apparently is so full of fight that as he could not get at a Spaniard, he started a row in Congress with a Georgia Congressman, who was even fiercer of fight than our own redoubtable Brannan. It was a proud achievement and of course Schuylerkill is prouder than ever of her favorite son!

RESERVISTS are making active war preparations. Captain Applegate is putting his company on short notice preparatory to the long siege they expect on the Cuban island. The men are impatiently awaiting the call from President McKinley. They are a picked body, every one of them a born soldier, and a fighter from "wayback."

The State Board of Agriculture has ordered a searching inspection of the milk supplied in Philadelphia and Pittsburgh, with a view to remedying the great evils that are known to exist in its distribution. The local Board of Health have been debating this subject ever since its organization, but appear to be no nearer a solution than they were at the beginning.

SENATOR QUAY has assumed a position on the Cuban question, that has met the approval of the patriotic people of Pennsylvania. Like all thinking Americans, he holds that while peace is a blessing, it can only be secured by the prompt expulsion of Spain from Cuba and the freedom of that island. Every effort has been exerted by the Administration for the culmination of this result by peaceful means, has failed, and the hour for diplomatic negotiations has passed—it will require a shot from an American man-of-war, directed at Morro Castle, to free the people of Cuba from the tyrannical reign of Spain. The President and the American people have decided that that result shall be accomplished. Peaceful overtures have failed; and now the land and naval forces of the greatest country on the earth will be employed in carrying out that decree. If Spain wishes to retain possession of her other colonies, she had better withdraw from Cuba at once. In the language of Senator Quay—"Spain should not stand on the order of her going, but go at once."

POWERS MAY ACT.

European Ambassadors Again in Contention. Washington, April 15.—It was learned last night in high diplomatic quarters that an exchange of notes had begun between the United States and Spain...

WORKING WOMEN WHO SUFFER.

Should Get Mrs. Pinkham's Advice—The Whole Truth can be Told to her Because she is a Woman. The suffering and pain endured by some working women is almost past belief. Here is a letter from one of the multitude of women who have been restored to health and usefulness by Mrs. Pinkham's advice and medicine.

DEAR MRS. PINKHAM—I feel as though your advice had lifted me from the grave. I must have been very near it. I suffered terribly at time of menstruation, was constantly troubled with cold hands and feet, was extremely nervous, could not sleep well, was troubled with frightened dreams, had heart trouble and a feeling as though my breath was going to stop, all of which I tried to get help, but all remedies failed, until I wrote to you. I cannot thank you enough for your kind advice, and I wish to tell you how good your remedies have done me.—TAMMIE C. GOVERN, Wolfville, Md.

Ask Mrs. Pinkham's Advice—A Woman Best Understands a Woman's Ills. Mrs. Pinkham's Vegetable Compound for a quarter of a century has been helping women to be strong and well. The following statement from Miss H. PATTERSON, of 2331 Lawrence St., Philadelphia, Pa., should interest all working women who are troubled with female complaints.

DISCONTINUED SOLDIERS. Those at Key West Think They Are Being Neglected. Key West, April 15.—While no detail of labor or expense is being spared in rushing the navy to the greatest possible fitness for offensive and defensive operations, there is a strong feeling here that the army branch is being neglected so far as this place is concerned.
